ISSUE 032

NEWSLETTER

AUGUST 2013

From Secretary's Desk

Dear Colleagues,

The meeting at Hotel Rangsharda last month has once again showed that the quality of the scientific deliberations in the clinical meetings of BNA has been maintained at a very high level. The scientific program of the JJ Hospital meeting on September 1st is equally exciting. Like last two meetings, thrust will be given to the CME sessions and presentations by PGs and junior members in all future meetings this year. To encourage trainees and residents, we have recently started Best Resident Presentation Awards in the monthly meetings. The EC also has few more innovative plans to make these meetings more beneficial to our members. Your comments and suggestions to improve scientific meetings further are most valuable and will be highly appreciated.

Suresh Sankhla

Secretary, BNA
