Monthly Clinical CME/Meetings for the Year 2013 - 2014

- 12-15th December 2013, NSICON 2013
- 12th January 2014, Nanavati Hospital
- 23rd February 2014, KEM Hospital
- 23rd March 2014, No Meeting
- 19-20th April 2014, 12th Annual Conference of BNA 2014 [Bombay Hospital]

Message from Secretary's Desk

Dear Colleagues,

The 62nd Annual Conference of Neurological Society of India [NSI] is just round the corner and we are eagerly waiting to participate in this mega event. The scientific program is very exciting and is packed with deliberations from the national and international speakers. There is something for everybody in this conference – orations, guest lectures, breakfast seminars, luncheon symposia, video sessions, poster presentations, special award sessions for postgraduate trainees & residents, special neurology & neurosurgery symposia, practising neurosurgeons/neurologists forums, and many others.

We have arranged very interesting Preconference workshops like the cadaveric hands-on and live surgical workshops, workshop on USG for neurologists, neurosurgeons, & neuro-intensivists, and Neuro Criticare workshop. The first-time ever in India, the CNS-sponsored Simulation workshop is a special feature of this conference. The BNA is also committed to the education and prevention programs on head injury in Mumbai and a campaign against the Traumatic Brain Injury is scheduled to begin on 11th December with a very special Public Awareness Program on Head Injury – an event that you should not miss. A number of celebrities from politics, bollywood, business, and sports, as well as the Mumbai police and NGOs are expected to join hands with us in this fight against Head Injury.

On behalf of BNA, I would like to make an appeal to all members to register and participate actively in a large number in this grand conference. We plan to end the eventful year 2013 with this memorable clinical feast.

Monthly Clinical Meeting on 20th Oct, 2013 at Jaslok Hospital and Research Centre.
