### Monthly Clinical CME/Meetings for the Year 2013 - 2014

- 19-20th April 2014, 12th Annual Conference of BNA 2014 [Bombay Hospital]

Dear Colleagues,

Prof. Atul Goel and his colleagues at KEM Hospital deserve heartfelt congratulations for successfully organising the "Dr. HM Dastur Oration" and "Taka Workshop" last month. Those who attended the programs will undoubtedly remember this mega event for years to come.

The same team is now inviting you again for the monthly clinical meeting of BNA at KEM Hospital. An exciting scientific program is awaiting you for this last, but certainly not the least, meeting of the current academic year.

I take this opportunity to invite you all to the 12<sup>th</sup> Annual Conference of BNA, which will be organised at Bombay Hospital on 20th April 2014. A galaxy of guest speakers, including Prof. Chandranath Sen, are expected to add glamour and special flavor to the meeting this year. The preconference events on 18th-19th April include, an EMG and Evoked-Potential Workshop for Neurologists, and a Live Skull Base Surgery Workshop by Prof. Sen for Neurosurgeons. Prof. Sen will also deliver the prestigious "Ginde Oration" at Bombay Hospital on 19th April. Just like in the past, the annual conference this time is also highlighted by invited lectures, free papers and poster sessions, and award presentations by postgraduates and residents. May I remind the members to be present in large numbers in the Annual General Body Meeting on 20th April 2014.

Best wishes

Suresh Sankhla  
Secretary, BNA

Nanavati Hospital & Research Centre, Mumbai. - 5th Jan, 2014

# BNA CME Program

**BNA Meeting, 16<sup>th</sup> March 2014, Sunday**
