Message from President

Dear Friends

It's my pleasure and privilege to invite you to the first monthly academic meet of 2017-18 session of BNA at PD Hinduja Hospital on 18th June. With this we set the ball rolling for this academic year with lots of hope and excitement.

We wish to continue with program structure as before that is paper presentation and CME along with Guest lectures whenever possible. New ideas are welcome. We would like to encourage debates on some topics of common interest and /or interactive sessions if possible.

Please encourage residents and young neuroscientists to take this opportunity to present their departmental work and interesting cases or case series. BNA has instituted best paper awards and fellowships to support our trainees.

BNA will continue to organize various seminars and workshop in the city of Mumbai and also partner such events.

Please encourage fellow colleagues who are not members to join BNA and showcase their work. I will like to thank all members for give me this honor to lead BNA for this year.

Best Wishes

Deepu Banerji
President, BNA

From Secretary Desk

Dear Colleagues,

I wish you all well. We are starting the academic year under the able leadership of our Hon President Dr Deepu Banerji. It gives me great pleasure to greet you all and wish you all a great time ahead. Please find below the monthly BNA meetings schedule for the academic year 2017-2018. I request to kindly mark it in your calendar. Your active participation is very much essential to make these meetings meaningful and successful. I request you to kindly update your postal addresses, phone numbers and email addresses with BNA office in order to communicate more easily and efficiently. I also request you to kindly encourage your colleagues and trainee doctors to become members of BNA. In the year 2016-2017, we invited Guest speakers in the subspecialty fields of Neurology and Neurosurgery to talk on their expertise subject. This was mainly done to share their knowledge and experience with all BNA members' especially young members and trainees. Many of our esteemed members organized and conducted Meetings, Seminars and Workshops with great success. In the current year (2017-2018), I urge all young Residents from Neurosciences to apply for the BNA scholarship which is started since last academic year. The applicant has to submit the abstract of their paper presented in National or International meeting. I request to approach me without any hesitation for any query or help related to BNA. I would be ready to answer or solve in my best possible capacity. Mr. Reji Pinto is also for assistance and secretarial work of BNA. He is contactable on his mobile-9920294700. I am looking forward to meeting you all soon.

With Warm regards

Ketan Desai

Hon. Secretary
